Educational Grants

A sum of Rs. 5000/- has been provided in the C. M. Ch. budget for the current (1892-93) and a similar sum in the budget for the ensuing year (1893-94) on account of building grants.—

Of the allotment for the current year we have spent Rs. 898/:
have promised a furniture grant of Rs. 3500/: to Arab Narainsamy Hindu School: and an application from a Mahomedan school for Rs. 2150/. is awaiting a report from the Inspector of Schools. We have therefore nothing left out of the 5000 this year. and if the above two large items are sanctioned in full. they will have to be met

File 377/90

Plan & Estr. called for Oct. 92. File 231/92.

in part from Recurt Grant Grant

a building grant of Rs. 4000/- was sanctioned to the Convent School in 1891. - and a furniture grant of Rs. 2000/- to the Convent Girls School was paid in March 1892.

File 130/87

Rs 400/91.

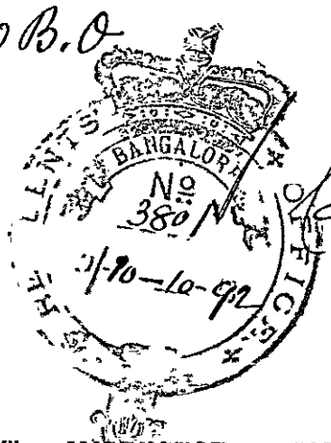
No. 130 B.O



OFFICE OF THE INSPECTOR OF SCHOOLS.
W. Circle
Camp Ralpet 1st Octr 1892.

FROM

THE INSPECTOR OF SCHOOLS.
C.& M. Station
Bangalore

To

THE Assistant Resident in Mysore
Bangalore.

SIR

I have the honor to forward in original letter dated 18 July from Mr Abdul Hai Secretary of the Committee of Management of the Madrissa i Islamia, forwarding Copy of proceedings of the new Committee held on the 3d July 1892.

2. The school, a large and im=portant one, has been for a long time held in very unsuitable premises, and has next to no furniture. I told the Committee last year that I consid=edit absolutely necessary that they should either build an upper

story for the accommodation of the upper classes or purchase a new build=ing. They have raised subscriptions for the purpose amounting to Rs 650 and expect to realize Rs 1500 by the sale of the present building. The funds at their disposal will thus be Rs 2150 and they ask for a grant in aid of an equivalent sum of Rs 2150.

3. No money has, so far as I know, been given to the Muham=madan Community in the shape of a building grant and I beg to recommend that the grant now asked for be promised to the ~~Community~~ Committee on the condition that the plan and estimate of the new building to be erected be submitted for approval and sanction.

I have the honour to be
Sir
Your most obedt Servt

Gleaner

Insp of Schools

Madrasai Islamiah
Bangalore, 18th July 1892

To

E. Marsden Esqr B.A.
Inspector of Schools, Com Station,
Bangalore.

Sir,

In continuation of my letter dated ultimo I beg to forward for your information a copy of the Proceedings of the Managing Committee of Madrasai Islamiah dated 3d instant and shall feel thankful if you will kindly favour me with your views in the matter for placing the same before the next meeting of the Committee

I beg to remain,
Sir,
Your most obedt Servant
S. Abdul Khaliq
Secretary

Proceedings of a meeting of the managing Committee of Madrasai Islamiah held in the School premises dated 3rd July 1892.

Present.

Muhammad Ali Sahib Esqr. L.C. retired Dy: Commissioner.
in the chair
Mr. Abdul Rahman Sahib Esqr., Second Magistrate.
Khazi Hajee Abdullah Shareiff sahib Esqr.
Mr. Abdul Kareem Sahib, Sowcar
Muhammed Yacoob Sahib
Imam Sahib
Hajee Muhammad Yacoob Sahib
C. Ghulam Mohadeen Sahib
Mr. Abdullah Sahib
Mr. Nowaz Khan Sahib

The Kazees placed before the Committee letter of 20th June 1892 received from the office of the Inspector of Schools, C. & M. Station, Bangalore, inquiring whether any steps had been taken regarding a new building for the School as suggested by him during his last inspection; and if not, to show cause why recommendation should not be made to government to stop the monthly grant.

Resolution

Resolved unanimously that the Committee regrets that it does not consider it advisable

to erect an upper story on the present building the foundation of which is not strong enough to bear the additional burden. Besides it is not worthwhile to lay out more money on the present building owing to its situation and the obstruction caused by the adjacent buildings which prevent a free circulation of air so essential to the health of the boys. There are other reasons also which, in the opinion of the Committee, do not recommend the adoption of Mr. O'Shaunessy's scheme. The Committee taking into their view all the plans suggested for and against the proposal have come to a final conclusion that it is better to obtain a new building for the location of the school in a better locality, or to purchase a site for the purpose of erecting one free from all objections. The funds necessary for this purpose to be raised by the sale of the present building which may be added to the amount of Rs 650/- already collected and deposited in the Bangalore Bank, and the Committee expects to realize about Rs 1500/- by the sale of the building. This being done an application to be made to the Inspector of Schools requesting him to recommend to Government the grant of an equivalent sum.

The Committee feels its duty to inform Mr. Pearsden

that ever since his remarks in the Visitors' Book efforts have been made to collect funds to bring a the desired end; but the advent unfortunately an adverse season and the consequent scarcity have frustrated the hopes of the Committee to hope any thing more than what has been collected and hence the above resolution.

Steps should be taken to carry out the above resolution after hearing from the Inspector whose cooperation will materially help the Committee and for whose kind interest in the welfare of the School the Committee feels thankful

× × × ×

A Second meeting to be held on a date to be fixed hereafter as soon as the Inspector of Schools favours the Committee with his views.

RESIDENT'S OFFICE.

# Office Note.

FILE No. 331 of 1892.

In his letter No. 130. B.O. dated the 1st October 1892, the Inspector of Schools, Southern Bungalow, recommends a building grant for the Madrasa-i-Islamia

2. This institution is a Muhammedan middle school in receipt of a monthly grant-in-aid of Rs 50/- Mr. Marsden found fault with the present building and insisted upon its improvement or getting another building. The school authorities expect Rs 1,500/- from the sale of the present building & a sum of Rs 650/- has already been collected for the purpose, making in all Rs 2,150/-

3 Under the rules in force, the grant cannot exceed the amount to be spent on a school from private sources.

Orders. The plans & estimate of the proposed building have not been sent as required by para 7 of the ~~Education~~ grant-in-aid rules, but Mr. Marsden wants that the grant be promised on condition that the plans & estimate be submitted for sanction.

4 Office does not understand why such a promise should be now made. The application for a building grant should be accompanied by the plans & estimate. Probably the estimate may be less than the amount now intended to be spent, in which case the proper grant will be proportionately less.

5 If approved, the Inspectors of Schools may be referred to rule 7 of the grant-in-aid rules & informed that the application from the School authorities should be accompanied by a plan & estimate of the building, & that when this has been done the matter will be further considered.

MS 12-10-92 Submitted for orders.

6. Mr Marsden only Object in asking for the promise of a Plant. in-aid is I suspect that he thinks it will induce people to subscribe more liberally towards the Object. But we must have a plan that will ensure Irish as Cotton Trade, before even a promise is made

by

# MYSORE GRANT-IN-AID RULES.

The Local Government at its discretion, and upon such conditions as may seem fit in each case, (reference being had to the requirements of each District as compared with others, and the Funds at the disposal of Government), will grant aid in money, books, or otherwise, to any school under adequate local management in which a good secular education is given through the medium either of English or Vernacular tongue.

2. In respect of any such school for which application for aid is made full information must be supplied on the following points:—

1st. The pecuniary resources, permanent and temporary, on which the school will depend for support.

2nd. The proposed monthly expenditure in detail.

3rd. The average number of pupils to be instructed.

4th. The person responsible for the management.

5th. The nature and course of instruction.

6th. The number and salaries of masters or mistresses.

7th. The nature and amount of aid sought.

3. Any school to which aid is given, together with all its accounts, books and other records, shall be at all times open to inspection and examination by any Officer appointed by the Local Government for the purpose. Such inspection and examination shall have no reference to religious instruction, but only to secular education.

4. The Government will not interfere with the actual management of a school thus aided, but will seek, upon the frequent reports of its Inspectors, to judge from results whether a good secular education is practically imparted or not; and it will withdraw its aid from any school which may be, for any considerable period, unfavourably reported upon in this respect.

5. In giving grants-in-aid, the following principles will be observed:—

(*a*). The Government will always endeavour so to give its aid that the effect shall not be the substitution of public for private expenditure, but the increase and improvement of education.

(*b*). Grants will be given to those schools only (with the exception of Normal School and Girls' Schools) at which fees of reasonable amount are required from the scholars.

(*c*). In no case will the Government grant exceed in amount the sum to be expended on a school from private sources.

(*d*). For schools educating up to the University Entrance Standard, the Government grant will not, as a rule, exceed one-half of the income guaranteed from Local sources.

(*e*). For other schools in which the expenditure is more than Rs. 30 per mensem, the Government grant will not, as a rule, exceed two-thirds of the income guaranteed from local sources.

(*f*). The proportional amounts above laid down for Government grants are *maximum* amounts, and it must not be assumed that the *maximum* will, in all cases, and as a matter of course be sanctioned.

(*g*). The conditions of every grant will be subject to revision periodically.

6. It is to be distinctly understood that grants-in-aid will be awarded only on the principle of perfect religious neutrality, and that the preference will be given to any school on the ground that any particular religious doctrines are taught or not taught therein.

7. The erection, enlargement and repairs of School-houses are included among the objects for which aid may be given subject to the conditions prescribed in para 5 C. Whenever a building grant is asked for, a plan and estimate of the building, and the number for whose accommodation it is required, should accompany the application.

8. In the event of any building towards the erection, purchase, enlargement or repair of which a grant may have been made by Government, being devoted to any other than educational purposes, the Government shall have the option of purchasing the building at a valuation to be determined by arbitrators, credit being given for the amount of the grant which may have been made by Government.
